ABOUT US

Packaging & printing, *made in-house.*

VM Multiprint is a packaging and printing manufacturer. We design, print and manufacture custom packaging that protects your product and makes your brand stand out on the shelf, in the hand and at the doorstep.

From startups launching their first product to established FMCG, food, cosmetic, pharma and electronics brands, every order gets the same attention to detail, whether it is 1,000 pieces or 1,00,000.

Our in-house design, offset printing, die-cutting, lamination and foiling lines give you better prices, tighter quality control and faster delivery.

What we do

01
